organic,
sustainable
farm for & by
those with
special needs

Organization for Advancement of &
Services to Individuals with Special Needs
OASIS, Inc.

ABOUT US

The founding members of OASIS, Inc. recognized that adults with developmental disabilities are among the most under employed populations in today's struggling economy. Families hoping to ensure meaningful and sustainable futures for loved ones with special needs face many challenges. OASIS founders sought a self-sustaining solution, able to meet a consolidation of special needs and offer a practical model with future relevancy. OASIS Farm evolved as their solution to this multi-faceted problem.

FARM ACTIVITIES

OASIS offers its farm venue to individuals and groups supporting transitioning youth and adults with disabilities. Participants are welcome to practice all aspects of organic produce gardening, general farm maintenance, and the production of compost, pottery and other goods generated from our large paper shredding enterprise.

PARTICIPATING

Transitioning Youth & Adults

Community-based learning—the farm is an excellent venue for CBL. Weekly, monthly or single visitations are welcome.

Student Service Learning

OASIS offers a wide range of SSL opportunities including field work, grounds maintenance, assisting those with special needs and creating paper shred products.

Volunteers

OASIS Farm and the people it serves appreciate the support of experts to advice and lend their services to many of our endeavors. Please contact us to see how you can help us to help others.
